Care Beyond Borders
CBBCARE

Care that reaches beyond borders.

A clearer path to care

Care Beyond Borders helps patients and families explore medical second opinions, specialist appointments and treatment in China. We support communication and practical arrangements so you can understand your options and plan your next steps.

How we help

Medical second opinions

Coordination of case reviews with suitable hospitals and specialists, subject to their requirements and availability.

Hospital appointments

Support with hospital enquiries, appointment requests and the information needed for your review.

Support for your journey

Coordination of interpretation, accommodation and airport transfers, according to the agreed scope and availability.

Clinical opinions and treatment are provided by qualified healthcare professionals.

Your journey, made clearer.

Hospital coordination in China

Our hospital partner is Xi'an International Medical Center Hospital. Depending on your medical needs, preferences and availability, CBB may also approach other hospitals and specialists. You can share your preferred provider with our team.

Your preferences matter

Tell us if you have a preferred hospital or specialist. We discuss available options with you before coordinating the next steps. Provider acceptance and appointments depend on the hospital or specialist.

Practical support

If you travel to China, CBB can help coordinate in-person interpretation, accommodation and airport pickup and drop-off. Availability and arrangements are confirmed with you before booking.

Your next step starts here.

Getting started

01 **Register online**

Complete the patient registration form on cbbcare.com.

02 **Share your information**

Our team reviews your registration and sends a questionnaire. Submit requested documents through the channel we designate.

03 **Review your options**

We coordinate a hospital review. Doctors may provide an opinion, proposed treatment options, estimated duration and costs, or request further information.

Patient sign-in on our website lets eligible account holders view case updates.
